Ford Ranger Transmission Swap Options : The Ranger Station

Ford Ranger Transmission Swap Options Replacing a Manual Transmission with a different Manual Transmission: All 2.8, 2.9, 4.0 V-6's and transmissions are the same. keep flywheel, bellhousing, pilot bearing, throughout bearing, clutch release mechanism(s), flexplate, torque converter with the transmission.

Ford Ranger Manual Transmission Swap

I put this video together after seeing numerous people asking about the swap on both the Ranger forums and Facebook groups. This isn't a step by step on how to do the swap, nor is it 100% complete.

Auto to Manual Tranny swap | Ford Explorer and Ford Ranger ...

-4.0 Manual transmission starter-4.0 Manual transmission block off plate-Clutch/Brake pedal assembly (it is easier to swap out the entire assembly)-Manual transmission steering column cover (you can remove the shifter arm and cover it, no need for a new steering column)-CPP (Clutch Pedal Position) Switch-Floor Plate (not necessary, but easier ...

Ford Ranger Questions

Engine and Transmission swap. I have a 1994 Ford Ranger with a 3.0 liter V6 manual transmission with 400k she still runs but she's soooooo slow I need to tune it up but even tuned doesn't have what I want. I love this truck ...

Ranger manual to auto swap? | race

First note, I am not a transmission guru. I personally thing auto transmissions run on pure FM, so bare with me. Here is the story: My buddy lost first and second gear in his ranger on new years weekend out in the dezert. He wants to do a swap from his 5 speed to an automatic trans in his 97 4.0 ranger.

How to Identify a Ford Ranger 5

One of the problems that can arise when trying to identify the type of transmission in a Ford Ranger is that the 5-speed transmission in the Ranger is not made by Ford. The Ford Ranger 5-speed transmission is made by Mitsubishi or Mazda, and you may not be used to seeing its identifying marks. You can identify a Ford ...

List of Ford transmissions
