Health promotion : an anthology in SearchWorks catalog

Enabling individuals and communities to improve and maintain their physical, mental and spiritual well-being is at the heart of health promotion. The Pan American Health Organization aims to foster this proactive approach by presenting a collection of papers on the subject in this text. The book argues that public health requires a holistic point of view, rather than one limited to disease prevention and control. (source: Nielsen Book Data) 9789275115572 20160528
