The Eagle and the Crown: Americans and the British Monarchy

This book tells the intriguing and paradoxical story of a nation that overthrew British rule only to become fascinated by the glamor of its royal family. Examining American attitudes toward British royalty from the Revolutionary period to the death of Princess Diana, *The Eagle and the Crown* penetrates the royal legacy in American politics, culture, and national self-image.

The Eagle and the Crown: Americans and the British Monarchy

Examining American attitudes toward British royalty from the Revolutionary period to the death of Princess Diana, "The Eagle and the Crown" penetrates the royal legacy in American politics, culture, and national self-image. Frank Prochaska argues that the United States is not only beguiled by the British monarchy but has itself considered the idea of a presidency assuming many of the characteristics of a monarchy.

The Eagle and the Crown: Americans and the British Monarchy

Some of the strongest (and, not coincidentally, least speculative) parts of the book concern not the response of Americans to the Crown, but the very self-conscious way in which the Royal family and successive British governments have approached such matters as state visits to the United States.

The Eagle and the Crown: Americans and the British ...

The Eagle and the Crown: Americans and the British Monarchy. Frank Prochaska. Yale University Press. [pounds sterling]25.00. xv + 239 pages. ISBN 978-0-300-14195-5. Mr Prochaska has written several valuable works on the British monarchy and is here concerned with the attitudes of post-1783 Americans to the institution their country rejected.

NEW

"The Eagle and the Crown tells the absorbing story of a nation that overthrew British rule but created a system of government that drew heavily on the monarchical traditions of the mother country. Frank Prochaska shows that the American Founding Fathers were more monarchical in their thinking than is widely assumed.
